# Welcome To The Henderson Family YMCA

Welcome to the Henderson Family YMCA!

For the first time in 43 years, the Y is unveiling a new brand strategy to increase understanding of the impact our organization makes in the community, so that more people take advantage of the YMCA's unique capacity to foster lasting personal and social change.

The Y is about changing lives for the better. We view participation in our programs and services as a means to a greater end. Therefore, through our rebranding effort, we want to help our communities learn more about our work so we can help our communities learn and grow.

By simplifying how we describe our programs, we hope it will be apparent that everything we do is designed to nurture the potential of children and teens—**Youth Development**, improve health and well-being—**Healthy Living** and motivate people to support their neighbors and the larger community—**Social Responsibility**.

By becoming a member of the Henderson Family YMCA, you join thousands of others in our community who have made commitments to changing their lives for the better. Again, we welcome you and will be happy to assist you in any way to assure you get the most from your YMCA!

Participants are encouraged to register 1 month prior to beginning of program.

Family Memberships include spouse and all dependent children—children under 25 years of age may be included if they are full-time students. Once a child has reached the age of 25 years, they may not be listed on a family membership unless they are physically or mentally disabled.

Individual Memberships allow only the person named on the membership application to use the facility and participate in classes. Individual members must pay a guest fee to bring their child to the Y to either use the facility or visit the nursery or Kid's Zone. A family membership is required for children to participate in programs at the discounted rate, including youth sports and camps.

## Membership Benefits

Your membership allows use of our entire facility including the 6 lane indoor pool, gymnasiums, Wellness Center, free weight room, locker room facilities, sauna, steam room, whirlpool, racquetball and squash courts and outside 1/4 mile running track and reduced rates for YMCA programs. All fitness classes are offered free to members. There may be times when special events or programs prohibit the use of our gymnasiums and pool.

## Membership Dues

There are several methods available to you to pay for your annual membership. You can choose to **pay once a year in advance or you may pay monthly by allowing us to draft either your checking account or your credit card account. Payroll deduction is also offered by various local employers.** These memberships are available through those employers who have made an arrangement with the YMCA to provide payroll deduction for their employees.

Membership dues, joining fees and program fees are subject to change. **You are considered a member of this organization and responsible for all dues until you sign a cancellation form at the Member Services desk.** Initial payment can be made by cash, check, money order, credit or debit card. You will be charged a service charge for any charge denied by your bank. Payment must then be made in cash or by money order in addition to the service charge. Membership privileges may be suspended until all bad debts are paid. A new joining fee will be required on all cancelled accounts after sixty days.

**IMPORTANT NOTE**—Any changes to your banking/credit card information, including expiration dates, may affect your monthly draft and could result in a decline. Please notify us immediately if any changes occur.

### **Financial Assistance**

The Henderson Family YMCA will not deny participation in any activity because of an individual's lack of funds. Financial assistance is available to those who complete an application and present required income verification. To those who qualify, rates will be adjusted according to income.

# Aquatics

**YMCA—America's Favorite Swimming Instructor  
For Over 100 Years!**

As in all YMCA programs, the goal of the YMCA Aquatics program is to develop the whole person, physically, mentally, and spiritually. Teaching methods are designed to help develop each participant to his/her fullest potential, to encourage an awareness of safety, and to master skills to the best of their ability.

Swim lessons schedules are available at the front desk. Class registration is limited to 4-6 children per instructor for pre-school lessons and 6-8 participants per instructor for progressive lessons. All classes fill up quickly and have an enrollment limit, so register early. Full payment is required at the time of registration.

Parents are permitted to stay on the pool deck and observe lessons on the first and last day of each session. During the remainder of the session parents are asked to wait in the lobby so that children may give their full attention to the instructor. If a participant cannot finish a session due to prolonged illness, contact the Aquatics Director. In order to maintain our instructor/student ratio and ensure progress we do not offer make-up classes unless we cancel the class. Class schedules are set at time of registration. There will be a \$10 transfer fee to have your child transferred to another class. We also offer Private Swim Lessons if you are interested, please call the YMCA for additional information.
